SUMMARY

I am a motivated Software Developer Intern with a solid foundation in HTML, CSS, and JavaScript, and hands-on experience in full-stack development. I possess strong problem-solving skills honed through practical projects and competitive programming. Currently pursuing a Bachelor of Technology in Computer Science Engineering, I am eager to apply my knowledge in real-world scenarios and contribute to innovative tech solutions.

EXPERIENCE

Software Developer Intern

Oasis Infobyte

📅 05/2024 - 06/2024 📍 Virtual

A company focused on enhancing tech skills through internships

- Strengthened fundamentals in HTML, CSS, and JavaScript by building 5 hands-on mini projects covering real-world use cases
- Improved problem-solving skills, practiced clean code structuring, and gained confidence in applying core web technologies

EDUCATION

Bachelor of Technology - Computer Science Engineering

IIMT College of Engineering

KEY ACHIEVEMENTS

Problem Solving Achievement

Solved 350+ DSA problems across platforms like LeetCode and GeeksforGeeks, consistently honing problem-solving and algorithmic thinking skills.

Technical Quiz Competition Achievement

Secured 2nd place in the IIMT Technical Quiz Competition, demonstrating strong technical knowledge and quick thinking under pressure.

SKILLS

C/C++

CSS

HTML

JavaScript

MongoDB

React

Tailwind

Node.js

Express.js

PROJECTS

E-Learning Platform

📅 01/2025 - 03/2025 📍 Greater-Noida

🔗 <https://www.mytutormatch.site/>

E-Learning Platform aimed at fostering online learning.

- Developed a web-based platform for online learning, enabling course enrollment, progress tracking, and interaction.
- Contributed to both frontend and backend, focusing on UI design, user authentication, and performance optimization.
- Enhanced the learning experience for students and educators through an organized and engaging interface.

Home Tuition Platform

📅 07/2024 - 10/2024 📍 Greater-Noida

Home Tuition Platform designed for facilitating academic support.

- Developed a web-based platform to connect college students offering home tuition with learners seeking academic support.
- Built a fully functional platform with user registration, profile management, and a real-time chat system.
- Led full-stack development, ensuring an optimal and seamless user experience.
